

Here's How It Works..

1. You prepare your manuscript on a PC
2. Edit and proofread your work thoroughly (this saves a great deal of work later on)
3. Private consultation where we discuss cover design, fonts, dimensions, etc
4. We sign author-publisher agreement
5. Set-up fee or agreed deposit is paid
6. We design a proof copy for you to view
7. You confirm the proof for publication
8. We set up your book as a POD title
9. You have books in hand within 21 days
10. Your book is available for sale online, at bookstores, and via CheckPointPress.com
11. You pay the pre-agreed amount for each book printed and pocket the retail profits
12. We keep you informed of worldwide sales

Remember..

You keep all copyrights to your work and can withdraw the book from circulation at any time. After payment of the initial set-up and production costs, and a token printing fee,

CheckPoint Press takes NO other costs or royalties from your profits..

CheckPoint Press is an independent POD (Print-On-Demand) publishing and author services operation based in the scenic West of Ireland.

Using the latest in digital technology CheckPoint Press provides a fast, affordable, and professional publishing service for English-speaking authors and academic institutions worldwide.
