Book Description (annotation)..

A first-class adventure-fiction book themed around deep-sea diving, written by an expert in the field. A highly recommended 'quality adventure fiction' novel from CheckPoint Press.

From the rear cover..

When a U-boat is sunk off the coast of Corsica in 1943, it takes with it a mysterious cargo which was being secretly transported under SS guard.

Mike Summers, a technical diving expert, has his life thrown into chaos when he accidentally discovers wreckage from the U-boat and crosses swords with a notorious Corsican nationalist leader, resulting in the death of his friend.

The race to discover the motive for the killing takes a deadly turn when Monica, a beautiful Swiss marine archaeologist, is kidnapped by the gang.

Mike knows they are both likely to die unless he can use his superior knowledge of deep wreck diving to save them both and bring the perpetrators to justice.
